

Sukhumi lithium energy storage power supply customized manufacturer

Overview

Who is Tu Energy Storage Technology (Shanghai)?

Safe operation and system performance optimization. TU Energy Storage Technology (Shanghai) Co., Ltd., founded in 2017, is a high-tech enterprise specializing in the research and development, production and sales of energy storage battery management systems (BMS) and photovoltaic inverters.

What is the upstream of the electrochemical energy storage industry chain?

The upstream of the electrochemical energy storage industry chain mainly consists of various raw material suppliers, including positive and negative pole materials, electrolytes, battery diaphragms, electronic components, special auxiliary materials, etc.

Why should you choose dauntu energy storage?

There are many stringent requirements on the security and reliability of BMS, and dauntu energy storage has made full preparations. From core chip selection to system-level architecture, we guarantee the safety and reliability of battery products in an all-round and real-time manner.

What types of energy storage solutions do you offer?

We offer commercial and industrial energy storage system solutions. Our air-cooling and liquid-cooling ess cabinets are safe, all-in-one solutions that are easy to maintain. Designed to meet a variety of energy storage needs, click to learn more about how our energy storage solutions can benefit your business.
