

# **Sungrow s latest energy storage inverter**

## Overview

---

What is Sungrow's new battery energy storage solution?

Sungrow also unveiled its latest utility-scale battery energy storage solution, the PowerTitan 3.0. The battery delivers 6.9 MWh in a standard 20-foot container and supports two-to-eight hour duration designs. The battery contains a 661Ah stacking LFP cell, rated for a 12,500-cycle lifespan.

What is Sungrow's new modular inverter?

Catering to the utility-scale market, Sungrow debuted its latest 1+X 2.0 Modular Inverter. Winner of the iF Design Award, this inverter introduces greater modularity with a scalable block design ranging from 800kW to 9.6MW.

What makes Sungrow a good inverter?

Its all-in-one AC-DC design achieves 93.5% round-trip efficiency, reduces land use by 45%, and integrates safety features like internal DC cabling to prevent short circuits. For commercial users, Sungrow highlights the liquid-cooled PowerStack 255CS ESS (257kWh/514kWh capacity, 90%+ efficiency) and the 125kW SH125CX hybrid inverter.

What did Sungrow announce at re+ 2025?

The company introduced a 4.8 MW modular inverter, a utility-scale battery energy storage system and a commercial and industrial scale battery energy storage system at the RE+ trade show in Las Vegas, Nevada. Sungrow announced three new products at RE+ 2025, the largest solar and energy storage trade show in North America.
