

Tanzania solar container lithium battery pack charging and discharging

Overview

What is Tanzania doing with lithium-ion batteries?

Tanzania is at the forefront of clean mobility with this electric-charging lithium-ion battery project in the transportation sector. It will manufacture high-performance lithium-ion batteries and develop a network of charging infrastructure for electric motorcycles in both urban and rural areas.

Is Tanzania a leader in green mobility solutions?

The development of this sustainable transportation network will position Tanzania as a leader in green mobility solutions.

Why is Tanzania working with UNIDO?

During the project launch ceremony, Naimi Sweetie Aziz, Permanent Representative of the United Republic of Tanzania to UNIDO, reiterated that Tanzania is committed to working with UNIDO, development partners such as the UK, and other investors to accelerate the deployment of sustainable energy solutions.
