

The largest energy storage charging station

Overview

Will Tesla build a grid-scale battery energy storage station in China?

Tesla has officially signed a ¥4 billion (C\$764/US\$557 million) deal to build its first grid-scale battery energy storage station in China, leveraging its Megapack technology.

Why is Tesla building a battery storage facility in China?

Tesla's energy expansion in China comes as demand for large-scale battery systems grows. Tesla has signed its first agreement to build a utility-scale battery storage facility in China, marking a major step in the company's global energy ambitions despite ongoing trade tensions between Washington and Beijing.

Where is Tesla's gigawatt-hour-scale energy storage station located?

The gigawatt-hour-scale energy storage station is to be located in the Lin-gang Special Area of China (Shanghai) Pilot Free Trade Zone, as per the deal signed by Tesla, the administrative committee of the Lin-gang Special Area, the people's government of Shanghai's Fengxian District, and China Kangfu International Leasing Co., Ltd.

Is Tesla's Shanghai energy storage Gigafactory a good investment?

Public and industry expert reactions to Tesla's Shanghai energy storage Gigafactory exhibit a blend of optimism and skepticism. On the positive side, there is admiration for Tesla's swift construction capabilities and the potential it represents for enhancing global energy storage solutions.

The largest energy storage charging station

[Tesla to build grid-side energy storage station in Shanghai](#)

Jun 21, 2025 · The deal, with a total investment of 4 billion yuan (about \$556 million), marked Tesla's expansion into China's burgeoning energy storage market, paving the way for its ...

Tesla's Shanghai Megapack Factory: Revolutionizing Global Energy Storage

Dec 26, 2024 · Tesla is set to shake up the energy storage world with its new Gigafactory in Shanghai nearing completion. Slated to start production by Q1 2025, this facility promises to ...

[Tesla battery Megafactory in Shanghai launches production](#)

Feb 11, 2025 · Tesla's energy storage plant in Shanghai's Lin-gang Special Area commenced operation on Feb 11, as the assembly line started the production of the first Megapack unit. ...

[Tesla Signs a deal of \\$557 million with the Shanghai ...](#)

Jun 23, 2025 · Tesla inks a \$557M deal to build China's largest energy storage station in Shanghai, a major shift toward becoming a global energy leader.

Tesla agrees to build China's largest grid-scale battery power ...

Jun 20, 2025 · Tesla has signed its first deal to build a grid-scale battery power plant in China. The U.S. company posted on the Chinese social media service Weibo that the project would ...

[World's Largest Tesla Supercharger: 168 ...](#)

...

Jul 7, 2025 · Built in just 8 months, Tesla's largest Supercharger station is now open and operating completely off-grid, powered by its own solar and ...
