

# **UK A solar glass roof**

## Overview

---

Are solar roof tiles available in the UK?

Solar roof tiles are available in the UK but not every solar panel company offers them as part of their services. If you're looking to install these innovative tiles, you'll need to work with specialised installers: With SolarTyle, you can expect a seamless blend of energy efficiency and architectural elegance.

What are solar roof tiles?

PV tiles explained Solar roof tiles, also known as photovoltaic (PV) tiles, are innovative solar energy solutions that combine the functionality of traditional roof tiles with the ability to generate electricity from sunlight.

Are solar panels a green energy solution in the UK?

Solar panels installed on roof tiles or slates are a mature green energy solution in the UK. Solar roof tiles are like miniature solar panels, but they are a relatively new green energy solution that can only be installed as a whole solar roof to replace an existing roof or when a new house is built.

Who makes solar roof tiles?

1. GB Sol GB Sol is a well-known UK manufacturer specialising in solar roof tiles. They have also developed a PV Slate (which can generate 25Wp to 35Wp of solar electricity and withstand the harsh weather in the UK). GB Sol produces solar tiles in Wales, ensuring local production and supporting the UK economy.
