

US supplier of waterproof collapsible containers

Overview

What is a collapsible bulk container?

Collapsible bulk containers are space-saving containers engineered for durability and longevity. These containers are made of high-density polyethylene (HDPE), a durable material that will protect your products throughout the duration of the container's life.

What is a premium collapsible water container?

Our premium collapsible water container enables you to quickly & conveniently be ready to store, transport & dispense all the water you need. Please read on to learn more about all my awesome uses & why I need to be a part of every household! Live in an area prone to hurricanes or natural disasters?

.

What are intermediate bulk containers & plastic Gaylords?

Intermediate bulk containers (IBCs) and plastic gaylords secure the handling and transporting of liquids, making the entire process safe and easy. These storage bins can hold up to 3,300 lbs. of product. Because they are both stackable and collapsible, IBCs and plastic gaylords allow maximum space utilization.

What are fixed wall bulk containers?

Fixed wall bulk containers are short, sturdy containers with non-collapsible sidewalls and one-piece molded base construction. These containers are ideal for applications with high-weight, low-volume requirements. Browse our full line of fixed wall bulk containers, available in multiple heights and footprints.
