

Vientiane Communication 5g base station

Overview

When did 5G start in Vietnam?

The Viettel Military Industry and Telecoms Group officially launched the 5G network on October 15, becoming the first to officially provide this service in Vietnam. The Viettel Military Industry and Telecoms Group officially launched the 5G network on October 15, becoming the first to officially provide this service in Vietnam.

Does Viettel have a 5G network?

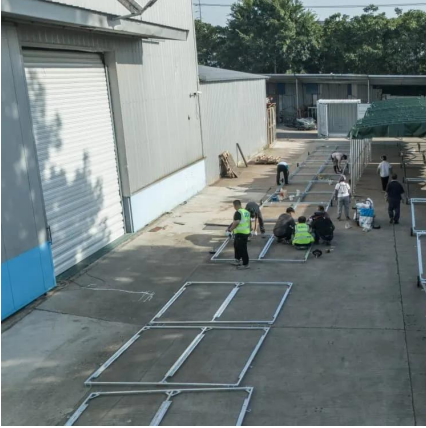

In April 2024, Viettel was licensed to use the 2,600 MHz frequency band to develop the 5G network. So far, it has installed more than 6,500 base transceiver stations nationwide, covering all chief towns of the 63 provinces and centrally-run cities, along with major industrial parks, tourism sites, seaports, and airports.

Why did Viettel get a 5G license?

Major General Tao Duc Thang, Chairman and General Director of Viettel, said that the deployment of thousands of 5G base stations within six months since it received the license demonstrates the group's great efforts and determination to keep Vietnam among the countries taking the lead in 5G commercialisation.
