

Vientiane New Energy Solar Air Conditioning Factory

Overview

Can Laos build a floating solar power project?

In 2020, Laos also signed a Project Development Agreement (PDA) with China's Hangzhou Safefound Technology Company to develop a floating solar power project at Nam Ngum 1, with an installed capacity of up to 1,200 MW on an area of more than 1,500 ha. Once put into operation, it will be the largest floating solar power project in the world.

Will Laos build a solar farm?

The construction of the proposed solar farm will take place in three stages over 10 years. In 2020, Laos also signed a Project Development Agreement (PDA) with China's Hangzhou Safefound Technology Company to develop a floating solar power project at Nam Ngum 1, with an installed capacity of up to 1,200 MW on an area of more than 1,500 ha.

Where is the LS solar module factory located?

The module factory established by LS Solar in the Saysettha Development Zone in Vientiane, Laos, is of great significance. It represents a crucial layout in the Southeast Asian market and demonstrates LS Solar's confidence and commitment to the development of the renewable energy industry. The factory is located in the Saysettha Development Zone.

Can Laos become a green energy supplier in Southeast Asia?

Laos strives to become a green energy supplier in Southeast Asia. (KPL/VNA) The Lao Government has allowed Liankham Trading Sole Co., Ltd. to carry out a feasibility study on the construction of a floating solar energy generation plant with a capacity of up to 1,500-1,600 MW.
