

Weather station uses a 40-foot folding container

Overview

What is a 40 ft container?

More space: A 40 ft container gives you double the length of a 20 ft container. That extra space means even in a single container you can fit in a proper living area, kitchen, bedroom, and bathroom. **Better value:** While a 40 ft container costs more than a 20 ft one, the cost per square foot is usually lower.

How much space does a 40 foot shipping container provide?

Two 40 foot shipping containers: Two containers provide 640 square feet of available space, which is a more comfortable size. This allows for a comfortable single-bedroom layout or a compact two-bedroom, two-bath layout for small families.

What is an expandable container house?

The expandable container house is composed of a steel structure and sandwich panels. It includes bedrooms, a living room, dining area/kitchen and bathroom. The house comes equipped with full electrical wiring to many countries' standards, power points and a circuit board.

What is a 3 in1 expandable container house?

On the basis of the original container house, it expands the two sides, increases the space by three times, and is convenient to move and build. So it's also called 3 in1 expandable container house or butterfly container house. Different layout for choose Lounge room: Comfortable living area for your DIY.
