

What are the shared base stations for Sudanese communications

Overview

What telecommunication companies are in Sudan?

Telecommunications companies in Sudan include Sudatel, Zain Sudan, and MTN Sudan. These companies offer a range of services including mobile and fixed-line telecommunications, internet connectivity, and data services.

Which radio stations are in South Sudan?

In South Sudan, there are eight radio stations, and one is in the disputed Nuba Mountains area of South Kordofan State in Sudan. Radio Bakhita was the first radio station to go on air under the CRN, and other stations include Radio Emmanuel, Saut al Mahabba, and Voice of Peace.

How much money does Sudan need for a telecommunications network?

Submissions are through the Ministry of Foreign Affairs (MoFA) and reviewed by the Sudan National Telecommunications Corporation (NTC). The ETC requires US\$5.7 million to address scaled-up communication needs in Sudan in 2024.

What happened to Sudanese telecom service providers?

Sudanese telecoms service providers face sporadic cutoffs. Since 02 March, partial restoration of services was achieved by two Mobile Network Operators—Zain and Sudani—while MTN remains down and Sudatel operates fully only in Port Sudan. Efforts are ongoing to restore some of the services.
