Which solar generator is right for You?

Whether you want something compact for camping or a larger unit for emergency home backup, these solar generators deliver the goods. The Jackery Solar Generator 2000 Plus is a fast-charging portable power station that can be bundled with SolarSaga 200W panels for recharging off-grid.

What are the best portable solar panels & solar batteries?

Check out our list of best portable solar panels and solar batteries. Bluetti AC200P: The AC200P was in a dead heat for the best large (and best overall) solar generator. It tops CNET's best list for portable power stations. It has an impressive battery usage -- using 95% of its 2,000-watt-hour capacity -- and a respectable charging time.

Are solar generators portable?

Solar generators don't have to be portable, but many are designed to be. A solar generator is only as portable as your ability to move it. If you're going to be schlepping it around a worksite every day, or just moving it every once in a while while you're camping, weight may be more or less important to you.

What is the best solar generator?

After testing the best solar generators for over a year — both individually and in tandem — it's clear that the Jackery Solar Generator 1000 Pro (or 2000 Pro, depending on your power station needs) is one of the best setups available.
