

What is the warranty policy for Bhutan City Battery Cabinet

Overview

How long do battery warranties last?

Battery warranties protect against defects and performance drops, typically covering 3-10 years. They often include capacity retention thresholds (e.g., 70% after 8 years) and pro-rated terms. Exclusions include physical damage, improper use, or unauthorized modifications.

Are Samsung batteries covered by warranty?

Most warranties exclude damage from accidents, water exposure, extreme temperatures, or use with non-certified chargers. Samsung's battery policies void coverage if discharged below 20% regularly. Thermal runaway events in lithium-ion batteries are rarely covered. Documentation of proper maintenance is crucial for claims.

Why should you choose a battery cabinet?

Our battery cabinets are sophisticated and offer modular solutions that can withstand even temperatures and earthquakes when it matters. **VENTILATION:** Our cabinets are specially designed for the use of stationary batteries. One important factor here is ventilation, both for cooling and for the removal of hydrogen (H₂).
