

Wholesale 30kw solar inverter in Czech-Republic

Overview

What makes Czech Republic a great country for solar energy?

There is a long list of solar energy equipment manufacturers and suppliers in Czech Republic. This makes it possible for the country to have a high share of the renewable energy market in Europe and worldwide. In fact, some of the biggest manufacturers and producers of solar panels and technology are serving the Czech market.

Who makes solar panels & inverters?

The company SOLSOL s.r.o. has operated on the Czech market since 2012. It deals with the wholesale of solar panels and inverters. Since 2013, it has been an exclusive partner of the Taiwanese company AUO (formerly BenQ), which produces high-efficiency mono-photovoltaic modules at a plant in Brno with the capacity of 200 MWp/year.

How is the solar industry growing in Czech Republic?

In Czech Republic, in particular, the solar industry is experiencing a massive growth period. There are more households and businesses that have installed solar roof panels. Czech Republic held a 19% share in renewable energy for electricity generation. They are expected to increase the share to 22% by 2030.

What is the future of solar energy in Czech Republic?

In the 2021 Solar Conference, Industry and Trade Minister Karel Havlicek reveals that the future is bright for the solar energy market in Czech Republic. The country plans to move away from coal as its main power source and they are looking at renewable sources as a viable option for replacement.
