

Wholesale Iv switchgear panel in London

Overview

Who makes low voltage switchgear?

Manufacturers and installers of low voltage switchgear and electrical control panels, from design concept through to final installation. Powersystems UK Ltd. specializes in high voltage electrical engineering and is certified to supply, install, maintain, and commission low voltage to high voltage switchgear.

What is LV switchgear?

Our LV switchgear is designed to supply electric power safely, efficiently, and reliably at voltages up to 1,000 volts and currents up to 5,000 amps. All of our products are fully certified to the European product standard BS EN61439-2.

Where is LV switchgear made?

All our LV switchgear is meticulously designed and manufactured in-house at our UK facility, adhering to the rigorous standards set by BS EN 61439-2. Our LV switchgear solutions are available in both welded and modular designs for maximum safety and reliability.

Who supplies low voltage switchgear & control panels?

Bowers Electricals supplies Low Voltage Switchgear, Distribution Boards & Control Panels for all sectors. Custom-built & UK-delivered.
