

Wholesale solar power station in Germany

Overview

Who makes Solon solar panels?

SOLON SE is one of the largest solar module manufacturers in Europe and a leading supplier of photovoltaic systems for large-scale solar power plants. The SOLON Group has subsidiaries in Germany, Austria, Italy, Switzerland, and the U.S.

How big is Germany's solar industry?

The German solar industry reached a milestone at the start of the year, as the total capacity of all installed solar power systems surpassed 100 gigawatts (GW), according industry association BSW Solar.

Does Germany really need a ground-mounted photovoltaic system?

An analysis by the Institute for Applied Ecology (Öko-Institut) found that Germany already has significantly more potential for the expansion of ground-mounted photovoltaic (PV) systems on open spaces than is needed under current requirement estimates for a completely renewable electricity system.

How much solar power does Germany produce a month?

In July 2024, Germany recorded its monthly record solar power output level to date of 10.1 terawatt hours (TWh) – despite sunshine levels being lower than the previous year. Solar power accounted for around 43 percent of the 23.6 TWh of electricity generated from renewables in that month, according to data from the economy ministry (BMWK).
